

## Why Spay or Neuter CATS?

### Did you know?

**During 2013, 2,709 cats were euthanized in Brunswick County due to overpopulation.**

- One un-spayed female cat and one un-neutered male cat and their offspring can produce 420,000 kittens in 7 years.
- A female cat can have 29 litters over a 10 year period.
- A male cat can sire as many as 2,500 kittens in a single year.
- An estimated 85% of feral cats taken to Brunswick County Animal Protection Services (BCAPS) are euthanized at an average cost to taxpayers of \$140.00 each.

Controlling the feral cat population through a Spay or Neuter program verses euthanasia is a "Win Win" with less homeless cats, less rodents/pests and less tax dollars spent to euthanize cats.

There is a solution available to us that is proven to work: **SPAY OR NEUTER TODAY!**

### How the program works:

1. Complete the application on the reverse side.
2. Call *Fix a Friend Spay Neuter Clinic* at 910-253-8161 to make a reservation for surgery.
3. Arrive at *Fix a Friend Spay Neuter Clinic* at 8:00 AM on your scheduled surgery date with your completed application. Feral cats must be in a trap and pets must be in a carrier.
4. Spay or neuter, rabies, distemper and ear clip for a stray or feral cat is FREE.  
Pet owners pay \$14 co-pay for pets, which includes a rabies vaccination.  
Pet owners may choose a \$20 co-pay for pets, that will include both rabies and distemper.  
Co-pays are paid to *Fix a Friend Spay Neuter Clinic* on the day of the surgery.
6. Unknown conditions discovered during surgery COULD result in additional charges to pet owner:  
\$5 to deflea for 24 hours if cat is infested.  
\$15 hernia repair  
\$15 undescended testicles
5. Pick up the cat at 4:00 pm the day of the surgery.

This program is endorsed by: The Town of Shallotte  
Brunswick County Chamber of Commerce  
Brunswick County Animal Protective Services (BCAPS)
