

## The story of Lila and the Davis Community in Porters Neck

An assisted living center in Wilmington NC, The Davis Community, was lucky to have an employee who brought her dog to work with her. The residents seemed to really like having this dog around so the Davis Community Board decided it was time to have their very own “dog”.

Along came Pepper, a black dog from Adopt an Angel. Pepper was homeless but with such a sweet, gentle soul and she only wanted to love someone.

Pepper was perfect for the Davis Community and they were perfect for her. Pepper had all the patience in the world for her new friends living in this residence for senior citizens and they had so much love waiting. Often an elderly resident who was non-verbal and not responsive would reach their hands out for Pepper when she came around. Life has changed for Pepper and for the residents of the Davis Community. Pepper gets all the loving pats she wants and many senior citizens get to have a dog again. Pepper can take walks with some and can sit with others. There is no end to Pepper’s love and there appears to be no end to the love showered on Pepper at The Davis Community.
